

Table 2

**LIST OF GLAUCONITE-BEARING SEDIMENTS IN POLAND as of 31.XII.2023**  
[thousand m<sup>3</sup>]

Glauconite-bearing sediments  
*glauconite*

|                                                | Name of deposit              | The state of develop-<br>ment | Resources             |                    | Output    | County      |
|------------------------------------------------|------------------------------|-------------------------------|-----------------------|--------------------|-----------|-------------|
|                                                |                              |                               | anticipated economic  | economic           |           |             |
| Total number of deposits: 9                    |                              |                               | 10,191.02<br>1,258.03 | 4,687.83<br>299.79 | 0.52<br>- |             |
| Lubelskie Voivodeship<br>number of deposits: 9 |                              |                               | 10,191.02<br>1,258.03 | 4,687.83<br>299.79 | 0.52<br>- |             |

| 5                                              | Leszkowice I                 | R                             | 1,030.05<br>318.07    | 860.70<br>-        | -<br>-    | lubartowski |
| 6                                              | Niedźwiada II                | R                             | 2,046.25<br>211.18    | 1,879.07<br>193.92 | -<br>-    | lubartowski |
| 7                                              | Niedźwiada III               | E                             | 1,094.61<br>-         | 1,094.61<br>-      | 0.52<br>- | lubartowski |
| 8                                              | Niedźwiada Kolonia I         | R                             | 586.46<br>86.56       | -<br>-             | -<br>-    | lubartowski |
| 9                                              | Niedźwiada Kolonia II        | R                             | 178.20<br>16.68       | -<br>-             | -<br>-    | lubartowski |

Accepted abbreviations:

**B** - for solid minerals - mine in a building process, for fuels - prepared for the exploitation or a trial period of the exploitation

**E** - exploited

**G** - underground natural gas storage facilities

**M** - deposit crossed out of the annual report of mineral resources during an analyzed period

**P** - deposit covered by the preliminary exploration (in C<sub>2</sub>+D category, for fuels – in C category)

**R** - deposit covered by the detailed exploration (in A+B+C<sub>1</sub> category, for fuels – in A+B category)

**Z** - abandoned deposit

**T** - deposit exploited temporarily

**K** - change of the raw material in a deposit
